**1.8 Writing.** Any Electronic Filing requiring an eSignature in order to be properly transmitted pursuant to this Agreement shall be considered to be a “writing” or “in writing.”

**1.9 eSignature.** The Personal Identification Number (PIN) or the electronic identification adopted by the Subscriber that includes a Subscriber’s UserID, password and responses to certain authentication questions.

**3. VALIDITY AND ENFORCEABILITY:** This Agreement has been executed by the Parties to evidence their mutual intent to follow Connecticut DEEP procedures to create binding regulatory reporting documents using electronic transmission and receipt of such records, consistent with the provisions of 40 C.F.R. Part 3 and Connecticut state law (specifically including, but not limited to the Uniform Electronic Transactions Act, Conn. Gen. Stat. §§ 1-266 through 1-286 (inclusive)). Pen and ink signatures will remain on file with the Connecticut DEEP.

**4. RECEIPT:** An Electronic Filing shall be deemed to have been received by the Connecticut DEEP when it is accessible by the Connecticut DEEP, can be fully processed, and is syntactically correct to the specified electronic transfer protocol that may be modified from time to time by the Connecticut DEEP. No Electronic Filing shall satisfy any reporting requirement or be of any legal effect until it is received.

The Subscriber, Signatory Authority, and Regulated Person agree that any such eSignature affixed to or associated with any transmitted Electronic Filing shall be sufficient proof that such individual originated and possessed the requisite authority both to originate the transaction and to verify the accuracy of

the content, in the format of the specified filing transmission protocol or otherwise, at the time of transmittal. The Subscriber also expressly agrees that each Electronic Filing it submits by using its eSignature constitutes the Subscriber's agreement with the associated certification statement.

**7. SECURITY:** The Parties shall take reasonable actions to implement and maintain security procedures necessary to ensure the protection of transmissions against the risk of unauthorized access, alteration, loss or destruction including, but not limited to protecting the secrecy of passwords and electronic signatures and transmitting only files in an acceptable protocol.

**8. USE OF eSIGNATURE:** In accordance with the applicable statute and/or regulations, each Subscriber shall be a representative authorized for signatory purposes on behalf of the Regulated Person for which information is being reported. If an eSignature has been compromised or where there is evidence of potential compromise, it will be automatically or manually suspended. In addition, the Connecticut DEEP will inactivate or revoke an eSignature where the Subscriber is no longer an authorized representative. The Parties expressly agree that the Connecticut DEEP may act immediately and unilaterally (and without further process) in any decision to suspend, inactivate, revoke, or otherwise disallow use of an eSignature by any Subscriber, where the Connecticut DEEP believes that such action is necessary to ensure the authenticity, integrity or general security of transmissions or records, or where there are any actual or apparent violations of this Agreement.

**9. PROTECTION OF eSIGNATURE:** The Subscriber must protect the security and confidentiality of any eSignature from compromise and shall take all necessary steps to prevent loss, disclosure, modification, or unauthorized use. The Subscriber and Signatory Authority, as well as the Regulated Person, shall be jointly responsible to notify the Connecticut DEEP immediately, but in any event, no later than one business day, if there is reason to believe the security of any eSignature has been compromised and must request a change. If the Connecticut DEEP has reason to believe that eSignature security has been compromised, the Connecticut DEEP will consult with the other Parties, when practical, and initiate eSignature changes where necessary. The Signatory Authority and the Subscriber, as well as the Regulated Person, are responsible for immediately notifying the Connecticut DEEP in writing of termination of employment, reassignment, or any other change affecting the status of a Signatory Authority or Subscriber for purposes of this Agreement.

**10. INABILITY TO TRANSMIT OR FILE ELECTRONICALLY:** No Party shall be liable for any failure to perform its obligations in connection with any Electronic Transaction or any Electronic Document, where such failure results from any act or cause beyond such Party's control which prevents such Party from electronically transmitting or receiving any Documents, except that the Subscriber, the Signatory Authority or the Regulated Person are nonetheless required to submit records or information required by law via other means, as provided by applicable law and within the time period provided by such law.

**11. CONTINUATION OF OPERATIONS:** In the event that electronic submission of filings is not possible, it is the joint responsibility of the Regulated Person, Subscriber, and Signatory Authority to submit paper copies in accordance with the requirements of the authorizing regulation. Failure to submit a filing by the date required by the regulation is a violation of the applicable statute, regulation, and/or permit.

**12. SEVERABILITY:** Any provision of the Agreement which is determined to be invalid or unenforceable will be ineffective to the extent of such determination without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such remaining provisions.

**13. TERMINATION AND RENEWAL:** The Agreement may be terminated by the Connecticut DEEP, the Signatory Authority or the Subscriber. Upon termination of this Agreement, the associated ability to submit Electronic Filings through CT DEEP's electronic filing system will also terminate. This Subscriber Agreement becomes effective upon notification of approval by the Connecticut DEEP to the Subscriber and Signatory Authority (which may be either an automated message from the CT DEEP software or a separate notification). The Connecticut DEEP will normally provide notification of the effective date. The Subscriber Agreement will continue until modified by mutual consent or unless terminated with 60 days written notice by either Connecticut DEEP or the Signatory Authority. The Signatory Authority must resubmit this form when responsibility transfers from one person, entity, or organization to another. This Subscriber Agreement should be periodically reviewed and amended or revised when required. The Connecticut DEEP reserves the right to approve or disapprove this Subscriber Agreement.

**14. Explain how the proposed activity is consistent with the applicable statutory coastal resource goals and policies identified in Part IV and describe any mitigation necessary to offset adverse impacts.

**The operations at American GreenFuels are consistent with Connecticut’s coastal resource protection goals by avoiding direct interaction with nearby shoreline features and sensitive habitats. There are no vegetation or animal habitats on or adjacent to the site. Furthermore, according to the DEEP Natural Diversity Database, the site is not in an area mapped with ecologically sensitive species. The facility is in a low disturbance area and is not directly located on the shoreline. The facility incorporates mitigation measures such as stormwater controls to prevent pollution from entering stormwater and spill containment systems to reduce the risk of contamination. No additional development or alterations will occur to the shorefront, coastal waters, or estuarine habitat from this project.**
